

Neden **EYO**?

Why **EYO**?

2012 yılında, tecrübeli ve profesyonel ekip ile EYO Çelik Kapı ailesi olarak Kıbrıs ile çelik kapıyı tanıştırdık. Disiplinli bir yapıyla yürüyerek, teknolojiye de ayak uydurup modernleşen dünya ile birlikte geliştik.

Üretimden satışa, nakliyeden montaja kadar tüm süreçleri birlikte yürüttük. Her aşamada el işçiliğimizin, emeğimizin ve özverimizin izini bıraktık.

Üretimlerimiz, yüzde yüz yerli ve milli olarak, hem kalitemizi hem de ülkemizin gücünü tüm dünyaya duyurdu.

Kalitenin ve güvencenin hikayesi yeni modeller ile EYO Çelik Kapı'da devam ediyor... Her bir kapıda, müşterilerimizin memnuniyetini görmek, bizi bir sonraki adıma taşıyan en büyük motivasyonumuz ve misyonumuz oldu.

In 2012, as the EYO Steel Door family with our experienced and professional team, we introduced steel doors to Cyprus. By maintaining a disciplined structure and keeping up with advancing technology, we evolved alongside the modernizing world.

From production to sales, from transportation to installation, we managed every stage together. At each step, we left the mark of our craftsmanship, dedication, and hard work.

Our products, which are 100% locally made, have showcased both our quality and the strength of our country to the entire world.

The story of quality and reliability continues at EYO Steel Door with new models... Seeing our customer satisfaction in every door we deliver has become our greatest motivation and mission to move forward.
